Continuing Education

Nursing

This conference has been awarded 6.0 nursing contact hours.

The Central Jersey Family Health Consortium is an approved provider of continuing nursing education by the New Jersey State Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

Provider number P92-8/14-17.
Provider approval is valid through August 31, 2017.

Accredited status does not imply endorsement by CJFHC, NJSNA, or ANCC Commission on Accreditation of any commercial products displayed in conjunction with this program.

In order to receive a contact hour certificate, the participant must sign in, attend the entire program, and complete an evaluation form.

Learning Outcomes

Discuss the implementation of the obstetrical sepsis bundle.

Select strategies to identify perinatal patients and neonates at risk for infection.

Explore evidence-based strategies to prevent infection in the neonate.

Target Population

Labor & Delivery, Mother/Baby, and Neonatal Intensive Care nurses.

Disclosures

There is no commercial support for this continuing nursing education activity.

Dr. Thomas Westover discloses he is a consultant for Combimatrix – Sequenon. His presentation does not include any products or services by Combimatrix-Sequenon. He states he will maintain the integrity of the program and present a lecture free of bias. None of the planners, content reviewers or other speakers have any conflicts of interest to disclose.

Disclosure forms are required and they are reviewed for any issues. Speakers are required to present balanced and unbiased presentations. The presentation content has been reviewed and any bias has been eliminated.
